

BLAGO PRECIOUS

Kazalište Tvornica lutaka
Puppet Factory theatre

Kako to izgleda kad se u napuštenoj kući susretnu čovjek i duh, i to stotinu godina nakon što je na njih bačena kletva Crne kraljice? Hoće li Dušica uspjeti navesti čovjeka da je čuje i osjeti tako nevidljivu i nečujnu? Hoće li ljubav poništiti kletvu? U komunikacija govori glasnije od riječi; a scenski se pokret usredotočuje na animaciju predmeta-simbola. Ova predstava o ljubavi spaja tradiciju i suvremenost, pozivajući nas da i u modernom svijetu očuvamo blago tradicije i narodnu mudrost. Vežite se i uletite u svijet bajke!

How does it look like when a man and a ghost meet in an abandoned house. Even more a hundred years after they've been cursed by the Black Queen? Will Dušica succeed to engage the man to hear her and feel here, so invisible and silent? Will the love undo the curse? In this performance non-verbal communication speaks more than the words and the theatrical movement focuses on an animation of objects-symbols. This story about the love combines tradition and modernity. We are invited to preserve our treasures and wisdoms of tradition in the modern world. Put your seat bells and fly with us in the world of a fairy tales.
